Count on Screwfix for your next project as it is now able to give you access to over 350 new building and landscaping products thanks to a heavyweight upgrade of its building supplies range.

The new range boasts all the bulk essentials including building and decorative aggregates; bricks and blocks; lintels; cements; insulation; timber, plaster and plasterboard, fencing and decking. And to make it even easier for you to get your hands on these heavy and bulky building materials free next working day delivery is available* right across the new range.

As always with Screwfix, depth and breadth has been carefully considered enabling customers to choose the right product for the job, thanks to popular colour and size options, for example on decorative aggregates and driveway blocks.
